

Affordable UV Coating

Add value to any A3 piece with the affordable NEW C&J UV DigiCoater. Protects HP Indigo and offset prints from scratching, moisture and discolouration. Perfect for covers, mail pieces and photo applications.

Featuring LCD touch panel controls, twin roller system and multiple tanks combine to make this high speed near-line DigiCoater very efficient. The coater comes either in a hand fed configuration or feeding and jogging units can be added for full automation and maximum productivity. Apply gloss, lustre or matte coatings with a variety of optional textured effects for stunning results.

- High speed - up to 4,000 A3's per hour
- Simple to operate
- Small footprint
- Odourless, harmless and safe (CE Certified)
- Affordable
